

MONEY, MONEY, MONEY!

EAGLE CLASS SUMMER 2
2022

Dear Parents & Carers,

Our topic this half term is 'Money, Money, Money!' and our learning will be based around enterprise and raising money for charity. Provided below is an outline of what the children will be learning in some key subjects. I hope you find it useful when supporting your child with their learning.

Mr Stamp & Mrs Phelps ☺

Maths

This half term, we will be using and applying many of the skills we have learned over the past year, as well as learning about shape, using nets and continuing our work on angles. **How can you help?** Please encourage your children to share with you, what they have been learning. If you are unsure of the correct approach to a calculation, there are links on the school website to Thorney's approach.

Don't forget to log onto your TT Rock Star account: <https://ttrockstars.com/> (login and password provided)

English

Our text focus this half term is 'Fantastically Great Women Who Saved the Planet' by Kate Pankhurst

This half term our writing biographies and considering how we can present them in creative and attractive ways. We will also be writing some 'leavers poetry' and scripts for our leavers assembly.

How can you help?

Please continue to encourage your child to read their own choice of books; hearing them read and talking about what they are reading. Don't forget to sign the reading journal to get those certificates!

Fun! Fun! Fun!

A busy final half term of fun filled activities awaits Eagle Class - we have the residential trip to Cobnor, Sports Day, a trip to Fort Nelson, Evacuee Day, Transition Day, Area Sports, Beach Day, The Class Fundraiser, Thorney's Got Talent, Area Sports and finally the Leavers Assembly and party. (Further letters about these events will be sent home with your child)

DT

We are taking part in an enterprise project - each child has £5.00 provided by the school and the idea is to produce something with it to sell to make a profit, which we would like to donate to a charity (with the £5.00 being returned back to the school again.) We will be working together to research, cost and create a 'product' which we can market and sell at an after school fair. This has always been very successful in the past and teaches the children many valuable life skills.

Homework

A homework menu will be sent home with your child, with a choice of tasks to complete which are linked to the learning we are doing in school. As well as this, daily reading, times table practice (minute games or times table rock stars) and spelling practice should be taking place to help support your child's learning.

Science

This half term in our science lessons, we will be learning about light, how it travels, how it allows us to see and the reasons that shadows have the same shape as objects that cast them.

PE

During PE this half term we will be in training for both Sports Day and the famous Year 6 Vs Teachers rounders game at the end of term!
