

Personal, Social, Health Education (PSHE) Policy & Relationships & Sex Education (RSE) Policy

Name of school	Thorney Island Community Primary School
Date of policy	January 2023
Member of staff responsible	Mrs Jenny Jones
Review date	January 2026

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, schools should teach a PSHE curriculum that:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At Thorney Island Community Primary School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

The overview of the programme can be seen on the School Website and in Appendix 2

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools."

DfE Guidance page 8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

"These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others' wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society."

Secretary of State Foreword DfE Guidance 2019 pages 4-5

"Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons."

DfE Guidance page 8

"All schools must have in place a written policy for Relationships Education and RSE."

DfE Guidance page 11

At Thorney Island Community Primary School we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on [cyberbullying](#))
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC))

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

Aim of the PSHE Policy

To provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how

they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

In our school we choose to deliver Personal, Social, Health Education using Jigsaw, the mindful approach to PSHE.

Objectives of PSHE

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Puzzle (Unit)	Content
Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society

Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Thorney Island Community Primary School, we allocate approximately one lesson a week (approx. 45-60mins) to PSHE in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies are linked to PSHE, British Values and SMSC, praise and reward systems, Learning Charters, through relationships child-to-child, adult-to-child and adult-to-adult across the school and developing a 'Growth Mindset'. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

PSHE also links to British Values and SMSC (Spiritual, Moral, Social and Cultural) education and is taught in such a way as to reflect the overall vision, values and ethos of the school.

Class teachers or PPA teachers deliver the weekly lessons to classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (page 23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils'.

However, 'Sex Education is not compulsory in primary schools' (page 23).

Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and - drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born' (page 23).

At Thorney Island Community Primary School, we believe children should understand the facts about human reproduction before they leave primary school so we teach this to our children as part of the Summer 2 unit 'Changing Me'. Biological aspects of RSE are taught within the science curriculum and other aspects are included in physical education, where we feel that it may contribute significantly to a child's knowledge and understanding of his or her own body, and how it is changing and developing.

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance page 17

At Thorney Island Community Primary School, we believe that knowledge empowers and protects children as long as it is age appropriate. At secondary school Sex Education is statutory and we believe that primary schools should prepare children with accurate

knowledge about puberty and human reproduction before they transfer to secondary school. Correct terminology for body parts is introduced early to normalise this biological vocabulary and to support safeguarding. These words are not used in isolation but always in conjunction, ensuring children know these are private parts of their bodies. Puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit). We conclude that sex education refers to Human Reproduction, and therefore inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 3 (Conception, birth)

The school will inform parents of this right by a letter sent home prior to the Summer 1 'Changing Me' unit being taught. We are of course happy to discuss the content of the curriculum and invite you to contact the school if this is required. Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher.

Children with SEND

It is our intention that all children have the opportunity to experience our PSHE and RSE programme at a level which is appropriate for their age and physical development with differentiated provision if required. The SENCo, alongside the class teacher is responsible for ensuring the individual needs of SEND pupils are met. This may mean more explicit teaching to ensure that children with additional educational needs are properly included in PSHE and RSE. Additional support within lessons, small group or individual lessons and adaptation of resources may be required to enable access. Parents may need to be consulted individually with regard to children with SEND.

Confidentiality and Safeguarding

Teachers conduct PSHE/RSE lessons in a sensitive manner. If a child raises a safeguarding concern or refers to being involved (or being likely to be involved) in sexual activity, or indicates that they may have been a victim of abuse (including peer on peer abuse), then this will be dealt with in line with our Safeguarding Policy. Staff will not try to investigate, but will immediately inform the Designated Safeguarding Lead/or Deputy DSLs about their concerns. The designated member of staff will then follow the school safeguarding procedures.

Answering Difficult Questions

If a child asks an explicit or difficult question outside the scope of this policy, the staff will use their professional judgement in deciding the best way to answer it so the child is informed appropriately. This may be through individual work or discussion with the child. Adults must be mindful that if children's questions are left unanswered they may seek answers online which may lead them to misinformation or unsuitable material. If the staff

member is concerned, they can refer to the Headteacher, PSHE Lead and/or DSLs as appropriate who can discuss the matter with the parent, or follow other appropriate procedures. 'Question Boxes' are a feature of some PSHE lessons in classrooms enabling pupils to ask questions anonymously. Pupils' questions are answered sensitively and with due consideration for religious and cultural factors.

Roles and Responsibilities

The Governing Body

The governing body will approve the PSHE & RSE policy, and hold the Headteacher and subject leader to account for its implementation.

The Headteacher

The Headteacher is responsible for ensuring that PSHE and RSE are taught consistently across the school, and for managing requests to withdraw pupils from [non-statutory/non-science] components of RSE.

Staff

Staff are responsible for:

- Delivering PSHE and RSE in a sensitive way
- Modelling positive attitudes to PSHE and RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the [non-statutory/non-science] components of RSE
- Sending a curriculum letter to inform parents of when and what RSE will be taught

Staff do not have the right to opt out of teaching PSHE and RSE. Staff who have concerns about teaching PSHE and/or RSE are encouraged to discuss this with the Headteacher and or PSHE/RSE Lead.

Pupils

Pupils are expected to engage fully in PSHE and RSE and, when discussing issues related to PSHE and RSE, treat others with respect and sensitivity.

Parents

Parents are, and must be, the key figures in helping their children to cope with the physical and emotional aspects of growing up and in preparing them for the challenges and responsibilities which maturity brings. The teaching offered by our school aims to complement and support the role of parents. Some parents may not feel able to discuss sexual matters fully and freely with their children. Therefore, the school has a clear responsibility to ensure that pupils are adequately prepared for adult life. We wish to build a positive and supporting relationship with the parents of children at our school through mutual understanding, trust and co-operation.

In promoting these aims we:

- inform parents about the school's PSHE and RSE policy and curriculum;
- answer any questions that parents may have about the PSHE and RSE curriculum;
- inform parents when aspects of the programme are to be taught and provide opportunities for parents to view the resources being used
- take seriously any issue that parents raise with teachers or governors about the arrangements for PSHE and RSE in the school.

Parents Right to Withdraw

As mentioned previously, parents do not have the right to withdraw their children from the Health Education and Relationships Education aspects of PSHE which were made compulsory in all primary schools from 2020 or the Science National Curriculum (2014).

All parents have the right to withdraw their child from the components of sex education within the PSHE/RSE programme, which go beyond national curriculum science. The Units which parents have the right to withdraw their child from aspects of is outlined above in the section titled 'Sex Education'. However, this rarely happens, by working in partnership with parents they recognise the importance of this aspect of their child's education.

If, after discussion with the class teacher/PSHE Lead/Headteacher a parent decides to go ahead with withdrawing their child, requests should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher. Alternative work will be given to pupils who are withdrawn from sex education. A copy of withdrawal requests will be placed on the pupil's educational record.

Monitoring and Review

The Curriculum Committee of the Governing Body monitors this policy on a regular basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE or RSE programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

The delivery of PSHE and RSE is monitored by the PSHE lead through: planning scrutinies and work, learning walks, lesson observations and pupil voice.

Pupils' development in PSHE and RSE is monitored by class teachers as part of our internal assessment systems.

Equality

The DfE Guidance 2019 (page 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristic."

"At the point at which schools consider it appropriate to teach their pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), they should ensure this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum" (page 15).

At Thorney Island Community Primary School we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

For further explanation as to how we approach LGBT relationships in the PSHE Programme please see: 'Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?' on our website.

Policy Review

This policy is reviewed every three years.

Jigsaw PSHE supplementary documents needed to explain this policy:

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document)
- Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?

Appendix 1 - Relationships Education in Primary schools - DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes. All statutory outcomes are covered in the Jigsaw 3-11 Programme.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • R1 that families are important for children growing up because they can give love, security and stability. • R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World

Caring friendships	<ul style="list-style-type: none"> • R7 how important friendships are in making us feel happy and secure, and how people choose and make friends • R8 the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties • R9 that healthy friendships are positive and welcoming towards others and do not make others feel lonely or excluded • R10 that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right • R11 how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help and advice from others, if needed 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Being Me in My World • Celebrating Difference • Relationships
Respectful relationships	<ul style="list-style-type: none"> • R12 the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • R13 practical steps they can take in a range of different contexts to improve or support respectful relationships • R14 the conventions of courtesy and manners • R15 the importance of self-respect and how this links to their own happiness • R16 that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • R17 about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • R18 what a stereotype is, and how stereotypes can be unfair, negative or destructive 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Being Me in My World • Celebrating Difference • Dreams and Goals • Healthy Me • Relationships • Changing Me

	<ul style="list-style-type: none"> • R19 the importance of permission-seeking and giving in relationships with friends, peers and adults 	
Online relationships	<ul style="list-style-type: none"> • R20 that people sometimes behave differently online, including by pretending to be someone they are not. • R21 that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • R22 the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • R23 how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • R24 how information and data is shared and used online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference
Being safe	<ul style="list-style-type: none"> • R25 what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • R26 about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • R27 that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • R28 how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • R29 how to recognise and report feelings of being unsafe or feeling bad about any adult. • R30 how to ask for advice or help for themselves or others, and to keep trying until they are heard, • R31 how to report concerns or abuse, and the vocabulary and confidence needed to do so. • R32 where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools - DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • H1 that mental wellbeing is a normal part of daily life, in the same way as physical health. • H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference

	<ul style="list-style-type: none"> • H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online). • H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	
Internet safety and harms	<ul style="list-style-type: none"> • H11 that for most people the internet is an integral part of life and has many benefits. • H12 about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • H14 why social media, some computer games and online gaming, for example, are age restricted. • H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • H17 where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> • H18 the characteristics and mental and physical benefits of an active lifestyle. 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<ul style="list-style-type: none"> • H19 the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • H20 the risks associated with an inactive lifestyle (including obesity). • H21 how and when to seek support including which adults to speak to in school if they are worried about their health. 	<ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • H22 what constitutes a healthy diet (including understanding calories and other nutritional content). • H23 the principles of planning and preparing a range of healthy meals. • H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> • H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Health and prevention	<ul style="list-style-type: none"> • H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me

	<ul style="list-style-type: none"> • H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • H31 the facts and science relating to immunisation and vaccination 	
Basic first aid	<ul style="list-style-type: none"> • H32 how to make a clear and efficient call to emergency services if necessary. • H33 concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> • H34 key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. • H35 about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Changing Me • Healthy Me

Appendix 2 - Long Term Plan for PSHE 2022-23

Class	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Owl	Self-Identity Understanding Feelings Being in a classroom Being gentle Rights and responsibilities	Identifying talents Being special Families Where we live Making friends Standing up for yourself	Challenges Perseverance Goal-setting Overcoming obstacles Seeking help Jobs Achieving Goals	Exercising bodies Physical activity Healthy food Sleep Keeping clean Safety	Family life Friendships Breaking friendships Falling out Dealing with bullying Being a good friend	Bodies Respecting my body Growing up Growth and change Fun and fears Celebrations
