Individual support for children with specific needs such as behaviour or speech and language, to ensure they are able to access the school curriculum.	£8,637
Provision of equipment for new arrivals.	£500
Total	£76,387

Impact of Pupil Premium Spending 2019 - 2020

Specialised intensive support (1:1 and small group tuition) ensured the vast majority of children at risk of not making the required progress achieved well with many being on track to reach at least age expected levels before the school went into 'Lockdown'. Pupils were also very well supported in phonics until 'Lockdown' with many children making accelerated progress up to the end of March. Pressure for school places was extremely high this academic year due to Regimental changes and increased housing in the area. There were significant pressures for places in Year R and Year 4. As a result, we employed additional T.A.'s to support children in mixed age classes and the additional EYFS Class that we created. Families have appreciated our efforts to accommodate their children thus strengthening community links. The vast majority of children were able to start school within hours of arriving within our catchment area ensuring that they missed as little schooling as possible. We were able to cater effectively for the needs of vulnerable children or children with Special Educational Needs at short notice due to staffing ratios and staff expertise - Impacted on progress and attainment as well as community cohesion and on progress, inclusion and attainment of vulnerable groups.

Attendance at the school remained very high due to the fact that we were able to offer an enriched curriculum that motivated children and stimulated learning - Impacted on enjoyment and engagement with learning as well as progress and attainment.

Pupil Premium 2020-2021 Proposed Expenditure

Our Pupil Premium allocation for 2020/21 is £82,280. Made up of Service Children Pupil Premium - £58,280, FSM Pupil Premium - £6,725, Ever6 £10,240 and other funding of £7,035
