Provision of equipment for new arrivals.	£1,000
Total	£99,287

Impact of Pupil Premium Spending 2021 - 2022

Specialised intensive support (1:1 and small group tuition) ensured the vast majority of children at risk of not making the required progress were achieving well with many making accelerated progress enabling them to reach the expected standard in most areas. Pupils were also very well supported in phonics with many children making accelerated progress resulting in them reaching the required standard. This was from a very low starting point due to the Lockdowns from the previous year.

Pressure for school places was extremely high this academic year due to Regimental changes and increased housing in the area. There were significant pressures for places in Year 3. As a result, we employed additional T.A.'s to support children with additional needs. Families have appreciated our efforts to accommodate their children thus strengthening community links. The vast majority of children were able to start school within hours of arriving within our catchment area ensuring that they missed as little schooling as possible. We were able to cater effectively for the needs of vulnerable children or children with Special Educational Needs at short notice due to staffing ratios and staff expertise - This impacted on progress and attainment as well as community cohesion and on progress, inclusion and attainment of vulnerable groups.

Attendance at the school has remained high due to the fact that we were able to offer an enriched curriculum that motivated children and stimulated learning - This impacted on enjoyment and engagement with learning as well as progress, attainment and behaviour.

One of our greatest successes was providing for the emotional well-being of pupils and the impact Drawing and Talking therapy had on the emotional well-being of pupils.

Pupil Premium 2022-2023 Proposed Expenditure

Our Pupil Premium allocation for 2022/23 to date is £86,820. Made up of Service Children Pupil Premium - £59,200, FSM - £20,775, Ever 6 £2,025 and other funding of £4,820

The focus of our spending for the Service Pupil Premium is to ensure school places are available at short notice as well as catering for pupils emotional well-being and additional needs on transition. We also ensure that all children are able to access an enriched, engaging curriculum. Our aim is to ensure high attendance, engagement in learning, outstanding behaviour and community cohesion along with providing children with the support they need quickly.

We are also aware that we need to provide additional support with phonics to ensure children make rapid progress in the Autumn Term.

The focus for our spending for Pupil Premium is to ensure that disadvantaged pupils make accelerated progress in their learning and that their emotional well-being is prioritised. Our aim is to ensure that disadvantaged children attain as highly as other groups in school.

The date of the school's next review of its pupil premium strategy is 012.01.23
